

Product information ARTEMISIA VIDA

Artemisia Vida contains artemisia powder from Swiss organic cultivation.

Our Artemisia plants come from organic farming. They are grown in Switzerland, harvested and processed by hand. We use only the dried leaf tips.

In the blending process, the raw materials are micro-nised, i.e. they are crushed to a grain size of about 60 microns without being heated. We use exclusively vegi capsule shells, made of vegetable material (HPMC) without gelatin.

How does Artemisia work?

Artemisia contains a substance which, on contact with iron ions (which are found in certain cells, for example), breaks down into two aggressive components which rapidly kill unwanted cells or germs (e.g. bacteria, plasmodia, etc.) in the vicinity.

Advantages of Artemisia Vida

- contains Artemisia from organic production
- We use only the dried leaf tips and no stems, woody parts, etc.
- Special cultivation with high content of physiologically interesting plant substances

Recommended dosage

1 capsule daily.

Take at least 1 hour outside of meals with some liquid.

Directions for use

This product is not a substitute for a varied, balanced diet, fresh fruits and vegetables and a healthy lifestyle. Store in a cool, dry place out of the reach of children. Do not exceed the recommended dosage.

Minimum shelf life

36 months
