

Product information CLEAR SKIN GEL

The Clear Skin Gel with selected ingredients provides supportive care for any form of blemished skin. The Clear Skin Gel is unscented so that the skin is not irritated as much as possible and the product is suitable for boys and girls.

You receive a product with high-quality raw materials and a synergistic composition to naturally care for, support and strengthen impure skin. Artemisia annua, D-panthenol, vitamin C, aloe vera and extracts from beard lichen and liquorice root work synergistically against typical bacteria that promote the development of impure skin.

Honest natural cosmetics

The Clear Skin Gel is, with three small exceptions, pure natural cosmetics. That is, we use only ingredients that come from nature, or occur in nature. The exceptions concern ingredients that do not come directly from nature, but are completely harmless. The ingredients have been tested in studies.

Hydro-gel This is a fat-free, water-based gel (= hydrogel) that forms a thin layer on the skin. The individual ingredients are trapped in this layer and are therefore available to the skin for longer, i.e. the nourishing effect is stronger and lasts longer. The gel is easy to apply and spreads evenly over the skin.

Advantages of the Clear Skin Gel

- Soothing and nourishing for blemished skin
- Fat-free hydrogel
- Very economical (can and should be used sparingly)
- Spreads very well on the skin and is quickly absorbed
- Pleasantly nourishing and soothing effect on the skin
- Does not "dry out" the skin!
- Unscented (so that the skin is not irritated and the product is suitable for boys and girls)
- Ingredients are scientifically tested in studies
- Gentle production: valuable ingredients are retained
- Dermatologically tested

Application

1. clean affected skin with suitable, mild soap
2. apply Clear Skin Gel sparingly and massage in thoroughly (has a significant influence on the skin care effect)
3. use Clear Skin Gel 2-3 times a day (at least in the morning and before going to bed)
4. during the day it is not necessary to clean the skin beforehand
5. after the gel has dried, a concealer can be used if necessary.

Instructions for use

Store in a cool and dry place. Do not expose directly to sunlight. Keep out of reach of children.

Minimum shelf life

36 months, shelf life 6 months after opening
