

Produktinformationen KRILL VIDA

Krill Vida made from pure krill oil. It contains omega-3 fatty acids EPA and DHA and astaxanthin.

Omega-3 fatty acids are unsaturated fatty acids that are essential for the human body, i.e. they cannot be produced by the body itself.

EPA and DHA contribute to normal heart function.

Gentle processing

Our krill oil is processed immediately after catching and as gently as possible directly on the ship to preserve the ingredients unchanged.

MSC Label

There are only 2 krill fishing companies worldwide that carry an MSC label. Our krill supplier is allowed to use this label. Krill Vida also carries the "Friend of the Sea" label.

Sustainable and controlled

Our krill oil is fished according to the strict principles of CCAMLR. This organization is responsible for sustainable krill fishing in the Antarctic. The catch data is transmitted daily by satellite to the authorities and CCAMLR.

Recommended dosage

Take 3 capsules daily preferably shortly before the main meals.

Directions for use

This product is not a substitute for a varied, balanced diet, fresh fruits and vegetables and a healthy lifestyle. Store in a cool, dry place out of the reach of children. Do not exceed the recommended dosage.

Minimum shelf life
