

Product information OPC 24 NIGHT CREAM

OPC 24 night cream for daily care. Exquisite natural cosmetics from natural raw materials. The ingredients of OPC 24 Day Cream are 100% natural, it contains no parabens and as few preservatives as possible.

The night cream contains smoothing jojoba oil, moisturizing shea butter, nourishing almond oil, valuable aloe vera, helpful wild rose oil, protective berry wax, nourishing argan oil, restorative grape seed extract, fragrant grapefruit, rose and lavender oils, and invigorating aronia berry extract.

The night cream contains more OPC than the day cream, as collagen building in the skin takes place mainly at night.

OPC is a secondary plant substance that builds collagen in the outer layer of the skin. This leads to firmer skin, significantly less wrinkle depth and a slower aging process. The OPC in the day cream comes from the grape seed and chokeberry extracts. By the way, because of these plant substances, the cream also has a brownish-pink color. A cream containing OPC is never completely white!

OPC 24 night cream is packed in a noble glass bottle and a high-quality cardboard box. In the airtight bottle, the valuable ingredients of the cream are perfectly preserved. At the beginning, several pump-strokes may be necessary until the cream comes out reliably. When the cream is empty, the glass and plastic parts of the bottle can be separated and recycled separately.

OPC 24 Night Cream is **dermatologically tested**.

Application

Apply to face and neck in the evening after cleansing and rub in gently. Absorbs quickly.

Directions for use

Store in a cool, dry place and do not expose to sunlight. Keep out of reach of children.

Minimum shelf life

24 months

Once opened, use within 3 months.
