

Product information OREGANO VIDA

Oregano Vida contains a variety of high-quality herbal substances in organic quality and supports the immune system with the ingredients zinc and vitamin D3.

Oregano extract: The leaves of the oregano plant contain a wide variety of essential oils, tannins and bitter substances. We source our organic quality oregano powder from Europe. The powder is then gently final processed with the extracting agent water into a high quality organic extract.

Thyme Extract: We source our thyme from the Mediterranean region. It is grown in organic quality and carefully harvested. The dried powder is concentrated in a gentle process to the extract.

Barberry extract: The plants for the barberry powder we use are gently cultivated and concentrated by extraction.

Performance of the ingredients of Oregano Vida
Oregano Vida with its combination of the mentioned natural and high quality ingredients, supplemented with vitamin D and zinc, is very suitable for supporting the immune system.

- Zinc and vitamin D contribute to the maintenance of normal functioning of the immune system and protection of cells against oxidative stress.
- Zinc contributes to normal acid-base metabolism, carbohydrate metabolism and macronutrient metabolism.
- Zinc contributes to normal fatty acid metabolism and normal DNA synthesis.
- Zinc contributes to normal vitamin A metabolism and normal protein synthesis.
- Zinc contributes to the maintenance of normal hair, nails, skin and vision.
