

## Product information PurePlantPROtein

**PurePlantPROtein** is a vegan, protein-rich food supplement based on pea and rice protein isolates. With creatine, L-carnitine and B vitamins (B2, B6, B12). Rich in protein, low in fat and sugar-free. PurePlantPROtein is ideal for people with increased requirements, e.g. during physical exertion, vegetarian or vegan lifestyles, to maintain or build muscle mass.

A protein isolate is more concentrated than a protein powder or protein concentrate. It has a higher protein content and contains fewer carbohydrates or fats. It is therefore considered a better and higher quality source of protein for people who want to eat a protein-rich diet.

### Advantages of PurePlantPROtein

- High protein content. Contributes to an increase in muscle mass and to the maintenance of muscle mass.
- Purely plant-based, vegan and GMO-free
- Contains high-quality rice protein
- Isolate and pea protein isolate
- Isolate = more protein, less fat and carbohydrates
- Contains all essential amino acids
- With creatine, L-carnitine and B-vitamins
- Low in fat and sugar-free
- Pleasant chocolate flavor (cocoa powder)
- Supports muscle building
- 65% protein | 19 g protein per serving
- Contains no genetically modified organisms or raw materials.

### For people who

- want to increase their protein intake in addition to their daily diet
- have an increased protein requirement
- want to support their muscle building
- are physically active and involved in sport
- follow a vegetarian or vegan diet

### Recommended intake

Dissolve 29g daily in 250 ml water or plant drink (preferably with a shake) and take.

### Minimum shelf life

24 months

### Instructions for use

This product is not a substitute for a varied, balanced diet, fresh fruit and vegetables and a healthy lifestyle. Store in a cool, dry place and keep out of the reach of children.

Do not exceed the recommended intake.
